Paid for by Americans for Prosperity

Sen. Pat Testin fought to strengthen environmental protections in Senate Bill 395, the Mining for America Act.

Thanks to him, the bill will:

- ★ Bring good-paying, family-supporting jobs to Central Wisconsin
- ★ Generate more revenue for our schools and communities
- ★ Maintain robust environmental protections

Thank Pat Testin at (608) 266-3123 and tell him to keep protecting the environment and standing up for mining jobs with Senate Bill 395.
