

**$\frac{2}{3}$  of survey takers  
from South Korea  
prefer their food  
come from a  
technologically  
advanced farm.**

**France is the  
opposite.  $\frac{2}{3}$  of  
French participants  
want their food  
from a traditional  
farm.**

**Most people believe  
that technology in  
farming is how we'll  
feed **a growing  
world population.****
